Product: PIR Group Inc. ±COBOL KeePIR for native iSeries
Category: Migration/Conversion Tools, Automated / Services
Description: Automated conversion utility to convert mainframe CICS COBOL to native AS/400 COBOL.

Product: PIR Group Inc. - COBOL KeePIR for CICS400
Category: Migration/Conversion Tools, Automated / Services
Description: Automated conversion utility to convert mainframe CICS COBOL to the AS/400 using CICS400 emulation.

Product: PIR Group Inc. - COBOL KeePIR for IDMS
Category: Migration/Conversion Tools, Automated / Services
Description: Automated conversion utility to convert the mainframe IDMS to the native AS/400 relational database.

Product: PIR Group Inc. - COBOL KeePIR for IMS/DL1
Category: Migration/Conversion Tools, Automated / Services
Description: Automated conversion utility to convert IMS and DL1 to the AS/400 relational database.

Product: PIR Group Inc. - COBOL KeePIR for Datacom
Category: Migration/Conversion Tools, Automated / Services
Description: Automated conversion tool to convert the Datacom database and COBOL to run native on the AS/400.

Product: PIR Group Inc. - COBOL KeePIR for ADS/O
Category: Migration/Conversion Tools, Automated / Services
Description: Automated conversion utility to convert CA- ADS/O to native AS/400 DDS.

Product: PIR Group Inc. - COBOL KeePIR for MVS JCL to AS/400 CL
Category: Migration/Conversion Tools, Automated / Services
Description: Automated conversion utility to convert mainframe MVS JCL to AS/400 CL.

Product: PIR Group Inc. - COBOL KeePIR for DOS/VSE JCL to AS/400 CL
Category: Migration/Conversion Tools, Automated / Services
Description: Automated conversion utility to convert mainframe DOS/VSE JCL to AS/400 CL.

Product: PIR Group Inc. - COBOL KeePIR for Data General to AS/400
Category: Migration/Conversion Tools, Automated / Services

Description: Automated conversion utility to convert Data General COBOL to the AS/400.

Migration utilities listing continued-

Product: PÍR Group Inc. - COBOL KeePÍR for Data General to MICROFOCUS COBOL
Category: Migration/Conversion Tools, Automated / Services
Description: Automated conversion utility to convert Data General COBOL to MICROFOCUS COBOL.

Product: PÍR Group Inc. - COBOL KeePÍR for GENER/OL to AS/400 - DDS
Category: Migration/Conversion Tools, Automated / Services
Description: Automated migration utility to convert GENER/OL on-line programs to the native AS/400 DDS.

Product: PÍR Group Inc. - COBOL KeePÍR for GENER/OL to CICS - BMS
Category: Migration/Conversion Tools, Automated / Services
Description: Automated migration utility to convert GENER/OL on-line programs to the native CICS and BMS maps.

Product: PÍR Group Inc. - COBOL KeePÍR for Easytrieve
Category: Migration/Conversion Tools, Automated / Services
Description: Conversion tool to convert Easytrieve report programs to run in OPEN/DB report writer.

Product: PÍR Group Inc. - COBOL KeePÍR for WANG to Mainframe
Category: Migration/Conversion Tools, Automated / Services
Description: Automated migration utility to migrate WANG VS COBOL to mainframe CICS COBOL and WANG VS procedures to mainframe JCL.

Product: PÍR Group Inc. - COBOL KeePÍR for WANG to AS400
Category: Migration/Conversion Tools, Automated / Services
Description: Automated conversion utility to convert WANG VS COBOL to native AS/400 COBOL.

Product: PÍR Group Inc. - COBOL KeePÍR for WANG to Micro Focus
Category: Migration/Conversion Tools, Automated / Services
Description: Automated conversion utility to convert WANG VS COBOL to MICROFOCUS COBOL.

Product: PÍR Group Inc. - COBOL KeePÍR for ADS/O to BMS maps
Category: Migration/Conversion Tools, Automated / Services
Description: Automated conversion utility to convert CA- ADS/O to mainframe CICS BMS maps.

Product: PÍR Group Inc. - COBOL KeePÍR for IDMS to DB2
Category: Migration/Conversion Tools, Automated / Services
Description: Automated conversion utility to convert the CA owned IDMS database to mainframe
